

## Fueling Instructions Using Prokee:

### Just 6 Easy Steps!

**Step 1:** Insert Prokee  
(Notch facing up).

**Step 2:** Once odometer  
prompt is displayed,  
**remove Prokee.**

**Step 3:** Enter  
odometer reading  
and User ID.

**Step 4:** Select  
proper pump #.

**Step 5:** Turn on pump  
and dispense fuel.

**Step 6:** When  
finished, hang up  
nozzle.

Separate Prokees will be provided for fueling off-road vehicles and fuel containers.

If you have any questions on these procedures, or should any other issue arise,  
**Call 1-888-235-4271 for assistance.**
